

STUDENT INTEREST PROFILE

This form is very important in helping us to identify your research interests so that you can be matched with faculty whose research interests are similar to your own.

LAST NAME	First name	E-mail address

Semester of enrollment: spring 20____ fall 20____ summer 20____

Degree(s) applying for: _____
 (choices include MS ME, MS MSE, PhD ME)

Research interest(s): experimental analytical computational

Please numerically rank your top five area(s) of interest, with "1" being of greatest interest (i.e., 1, 2, 3, 4, 5). Also list any particular interest you might have in any subject area.

<u>Ranking</u>	<u>Particular interest in subject area</u>
_____ Biomaterials	_____
_____ Biotransport	_____
_____ Ceramics	_____
_____ Design and Sustainability	_____
_____ Electronic materials	_____
_____ Manufacturing/3D Printing	_____
_____ Metals	_____
_____ Nuclear Engineering and Materials	_____
_____ Polymers and composites	_____
_____ Robotics/Controls	_____
_____ Solid Mechanics	_____
_____ Sports engineering	_____
_____ Thermo-fluid Sciences	_____
_____ Energy	_____
